GUIDE RECIPE

Here we show you how to process our naturally formulated **Body Butter Base**.

Follow these steps below to create a range of tailored Body Butter products using our innovative Body Butter Base.

- > Body Butter Base - Add the desired weight needed
- > With continuous agitation, Heat the product to 50 - 60C
- > Whilst stirring, add colour and/or desired fragrance/extract
- > Continue stirring the product until it cools to 50 - 55C.
- > Fill into your finished packaging

Open - Simply open the packaging and weigh out your desired amount of Body Butter Base.

Prepare - Whilst mixing the product, heat to 50 - 60C. If microwaving the product ensure it is stirred thoroughly every minute to keep the product homogenous.

Add - Continue to mix the product, add colour, fragrance & extract of your choice. We recommend using no more than 2% fragrance/additional ingredients.

Mix - Continue stirring the product until it cools to 50 - 55C.

Fill - Finally fill your finished Body Butter. Opaque containers are recommended as the natural ingredients in the product may darken when exposed to direct sunlight. Leave to cool before adding the lid.

PACKAGING
