

## DATA SHEET

Melon seed oil - Meloenzaad olie

**Part Number: 330461 - OBW033**

<b>INCI name:</b>	Citrullus lanatus Seed Oil
<b>Synonyms:</b>	Ootanga Oil; Kalahari Oil
<b>Country of Origin:</b>	Italy
<b>CAS Number:</b>	90244-99-8
<b>EC Number:</b>	290-802-8
<b>Status:</b>	100% Pure & Natural

### **General Description**

The dessert watermelon is an annual that has a prostrate or climbing habit. Stems are up to 3 m long and new growth has yellow or brown hairs. Leaves are 60 to 200 mm long and 40 to 150 mm wide. These usually have three lobes which are themselves lobed or doubly lobed. Plants have both male and female flowers on 40-mm-long hairy stalks. These are yellow, and greenish on the back. The seeds are a waste material after consumption of the watery and sugary pulp.

### **Extraction**

Citrullus Lanatus Seed Oil is the fixed oil obtained by expeller pressing from the ripe seed of Watermelon, Citrullus lanatus, Cucurbitaceae. The product is chemically refined, bleached, deodorized and winterized

### **Common Uses/Applications**

- Component used in cosmetic products.
- Carrier oil for aromatherapy.

### **Aromatherapy Actions/Uses**

- Dry, non-greasy oil containing a high level of linoleic acid (omega 6 essential fatty acid). It spreads easily and is absorbed relatively quickly by the skin.
- Softens, conditions and soothes the skin.
- Considered to have excellent pore size reduction qualities, so is good to use on large-pored skin. Noncomedogenic (non-pore blocking), so ideal for oily or acne prone skin.
- Very rich in B vitamins, especially niacin (up to 19% of daily value, which is essential for skin health), folic acid, thiamine, riboflavin, vitamin B6 and pantothenic acid and also contain high levels of magnesium and zinc.
- Carrier oil in aromatherapy. Also used to dilute thicker oils.

### **Animal Non-Testing Declaration**

SoapQueen has never been involved in animal testing or retesting for any of its products, nor has it sanctioned any third party to conduct such testing.

### **Transmissible/ Bovine Spongiform Encephalopathy (T.S.E/B.S.E)**

This product does not contain, and is not derived from, specified risk material as defined in Commission Decision 97/534/EC or mechanically recovered meat obtained from the vertebral column of bovine, ovine or caprine animals. During production, storage and transport there is no contact with any extracts of animal (cattle, sheep, goat etc) origin and a cross contamination is excluded. Product is therefore free from Bovine Spongiform Encephalopathy (BSE) and Transmissible Spongiform Encephalopathy (TSE).

### **Statement on Genetically Modified Organisms**

We confirm to the best of our knowledge that this product does not contain nor has been produced with the aid of any genetically modified organism. In consequence, these products will not contain any detectable residues of protein or DNA resultant from genetic modification.

**The data provided in this document is meant to represent anecdotal, typical data and information for this product and is correct to the best of our knowledge. The data was obtained from current and reliable sources, but is supplied without warranty, expressed or implied, regarding its correctness or accuracy. It is the user's responsibility to determine safe conditions for the use of this product, and to assume liability for loss, injury, damage or expense arising from improper use of this product. The information provided does not constitute a contract to supply to any specification, or for any given application, and buyers should seek to verify their requirements and product use.**
