

## DATA SHEET

Palm kernel butter / oil - Palmpit boter / olie

**Part Number: 30824 - OBW032**

<b>INCI name:</b>	Elaeis Guineensis Kernel Oil
<b>Synonyms:</b>	African oil palm, palm nut oil, palm seed oil, macaw-fat
<b>Country of Origin:</b>	Malaysia, Indonesia, Thailand or Papua New Guinea (plant) The Netherlands (processed)
<b>CAS Number:</b>	8023-79-8
<b>EC Number:</b>	232-425-4
<b>Status:</b>	100% Pure & Natural

### **General Description**

The palm tree belongs to the Arecaceae family. Growing up to 20 metres high, it has clusters of flowers, pinnate leaves and oval fruit. The palm fruit takes five to six months to mature from pollination to maturity. It is reddish, about the size of a large plum, and grows in large bunches. Each fruit is made up of an oily, fleshy outer layer (the pericarp), with a single seed (the palm kernel), also rich in oil.

### **Extraction**

Elaeis Guineensis Kernel Oil is the oil obtained by pressing and refining (deacidifying, bleaching and deodorising) the seeds of the palm tree, *Elaeis guineensis*, Palmaceae

### **Common Uses/Applications**

- Aromatherapy applications.

### **Aromatherapy Actions/Uses**

- Considered to have the following properties: Antioxidant, emollient and lubricant.
- Regarded to be helpful for: Arteriosclerosis, cataracts, arthritis and fertility.

### **Animal Non-Testing Declaration**

SoapQueen has never been involved in animal testing or retesting for any of its products, nor has it sanctioned any third party to conduct such testing.

### **Transmissible/ Bovine Spongiform Encephalopathy (T.S.E/B.S.E)**

This product does not contain, and is not derived from, specified risk material as defined in Commission Decision 97/534/EC or mechanically recovered meat obtained from the vertebral column of bovine, ovine or caprine animals. During production, storage and transport there is no contact with any extracts of animal (cattle, sheep, goat etc) origin and a cross contamination is excluded. Product is therefore free from Bovine Spongiform Encephalopathy (BSE) and Transmissible Spongiform Encephalopathy (TSE).

### **Statement on Genetically Modified Organisms**

We confirm to the best of our knowledge that this product does not contain nor has been produced with the aid of any genetically modified organism. In consequence, this product will not contain any detectable residues of protein or DNA resultant from genetic modification.

**The data provided in this document is meant to represent anecdotal, typical data and information for this product and is correct to the best of our knowledge. The data was obtained from current and reliable sources, but is supplied without warranty, expressed or implied, regarding its correctness or accuracy. It is the user's responsibility to determine safe conditions for the use of this product, and to assume liability for loss, injury, damage or expense arising from improper use of this product. The information provided does not constitute a contract to supply to any specification, or for any given application, and buyers should seek to verify their requirements and product use.**
