

## DATA SHEET

Sunflower oil High Oleic - refined - Zonnebloemolie High Oleic - geraffineerd

**Part Number: 330401 - OBW056**

**INCI name:** Helianthus Annuus Hybrid Oil  
**Synonyms:** Sunflower, common sunflower.  
**Country of Origin:** Romania/ France/ Spain/ Russia/  
Ukraine/ Hungary/ Slovakia  
(botanical origin); Belgium  
(processed)  
**CAS Number:** 164250-88-8  
**EC Number:** -  
**Status:** 100% Pure & Natural

### General Description

Sunflower is an annual flowering plant belonging to the Asteraceae family. Growing up to 3.5 metres high, it has a single, large flower, typically red, orange or yellow in colour.

### Extraction

Helianthus Annuus Hybrid Oil is the oil derived from the seeds of a hybrid strain of sunflower that contains predominantly oleic fatty acid as distinct from Sunflower Seed Oil.

### Common Uses/Applications

- Carrier oil used in aromatherapy applications.

### Aromatherapy Actions/Uses

- Considered to have the following properties: emollient, nutritional, antioxidant, UV absorption and Hypoallergenic
- Regarded to be helpful for: heart disease, dry skin, cardiovascular health, infections, prostate health, acne, skin irritations, eczema, psoriasis, dry brittle hair, dry scalp, stretch marks, sun damaged skin, skin burns, skin injuries and scars.

### Animal Non-Testing Declaration

SoapQueen has never been involved in animal testing or retesting for any of its products, nor has it sanctioned any third party to conduct such testing.

### Transmissible/ Bovine Spongiform Encephalopathy (T.S.E/B.S.E)

This product does not contain, and is not derived from, specified risk material as defined in Commission Decision 97/534/EC or mechanically recovered meat obtained from the vertebral column of bovine, ovine or caprine animals. During production, storage and transport there is no contact with any extracts of animal (cattle, sheep, goat etc) origin and a cross contamination is excluded. Product is therefore free from Bovine Spongiform Encephalopathy (BSE) and Transmissible Spongiform Encephalopathy (TSE).

### Statement on Genetically Modified Organisms

We confirm to the best of our knowledge that this product does not contain nor has been produced with the aid of any genetically modified organism. In consequence, these products will not contain any detectable residues of protein or DNA resultant from genetic modification.

**The data provided in this document is meant to represent anecdotal, typical data and information for this product and is correct to the best of our knowledge. The data was obtained from current and reliable sources, but is supplied without warranty, expressed or implied, regarding its correctness or accuracy. It is the user's responsibility to determine safe conditions for the use of this product, and to assume liability for loss, injury, damage or expense arising from improper use of this product. The information provided does not constitute a contract to supply to any specification, or for any given application, and buyers should seek to verify their requirements and product use.**
