

DATA SHEET

Denatured Ethanol B - DEB 96% - TSDA-1

Part Number: 70022 - OVL16

Composition: TSDA1 (DEB96) is a mixture of:

Raw Material	%	CAS	REACH Registration Number	Origin
Ethanol	95.9	64-17-5	01-2119457610-43-XXXX	France (Beetroot)
Water	4	7732-18-5	N/A	N/A
t-Butyl Alcohol	0.1	75-65-0	01-2119444321-51-XXXX	Germany (Synthetic)
Denatonium Benzoate	0.001	3734-33-6	05-2114509122-65-XXXX	UK (Synthetic)

General Description

TSDA-1 (Trade Specific Denatured Alcohol), formerly called DEB, is produced by fermentation of sugar beet. Denatonium Benzoate is the bitterest chemical compound known and as such is used as an aversive agent (bitterant) to prevent inappropriate ingestion. Denatonium benzoate and Tert-Butyl alcohol are used to denature ethanol so that it is not treated as an alcoholic beverage with respect to taxation and sales restrictions.

Animal Non-Testing Declaration

SoapQueen has never been involved in animal testing or retesting for any of its products, nor has it sanctioned any third party to conduct such testing.

Transmissible/ Bovine Spongiform Encephalopathy (T.S.E/B.S.E)

This product does not contain, and is not derived from, specified risk material as defined in Commission Decision 97/534/EC or mechanically recovered meat obtained from the vertebral column of bovine, ovine or caprine animals. During production, storage and transport there is no contact with any extracts of animal (cattle, sheep, goat etc) origin and a cross contamination is excluded. Product is therefore free from Bovine Spongiform Encephalopathy (BSE) and Transmissible Spongiform Encephalopathy (TSE).

Statement on Genetically Modified Organisms

We confirm to the best of our knowledge that this product does not contain nor has been produced with the aid of any genetically modified organism. In consequence, this product will not contain any detectable residues of protein or DNA resultant from genetic modification.

The data provided in this document is meant to represent anecdotal, typical data and information for this product and is correct to the best of our knowledge. The data was obtained from current and reliable sources, but is supplied without warranty, expressed or implied, regarding its correctness or accuracy. It is the user's responsibility to determine safe conditions for the use of this product, and to assume liability for loss, injury, damage or expense arising from improper use of this product. The information provided does not constitute a contract to supply to any specification, or for any given application, and buyers should seek to verify their requirements and product use.
